Art & Design Curriculum Intent

Mission Statement	School Curriculum Intent	Curriculum Intent
'To educate	Our skilled teachers and support staff live out their vocation to serve and teach children and young people at Saint John Wall Catholic School	<i>Art & Design are a small team comprising of two subject specialists. Our pedagogy in Art is mainly project based, where pupils are immersed into a world of creative expression, underpinned with core artistic knowledge and skills. We deliver a curriculum that is logically sequenced, beginning with pupils' developing their knowledge of colour, line, tone, texture, pattern, shape and form; then progressing onto developing a personal portfolio of work based on the inspiration of famous artists. Our pedagogy enables pupils to hone the fundamentals of becoming a talented artist through regular opportunities to review and refine specific techniques to develop accuracy; modelling of different levels of techniques, scaffolding to build pupils' confidence, and providing opportunity to be creative and experimental with key concepts.</i>
each and every	We are 'A Catholic School For All' and we welcome pupils from each and every diverse background, faith and culture into the Saint John Wall community.	<i>All pupils have access to our rich and stimulating curriculum where we foster a positive attitude and love for Art by developing pupils' passion and ambition to succeed. In the project work "Who am I?" pupils are provided with the opportunity to reflect on their cultural backgrounds, correlating with our Catholic ethos that we are a Catholic School for All. Through the study of the artist, Stephanie Ledoux, we promote themes of diversity and tolerance.</i>
unique child	We value human dignity and recognise every child as a unique individual made in the image of God.	<i>Pupils continue to express their artistic talents through the coursework theme of 'Identity'. Pupils consider our locality and research their cultural and religious backgrounds to create artistic pieces. Pupils develop their numeracy (understanding proportion) and literacy skills when conducting research on a famous artist, for example, pupils include quotes to inspire their creative pieces. They are also encouraged to visit art galleries in and around Birmingham.</i>
in our care	We provide high levels of care within a respectful and disciplined environment to safeguard children's wellbeing, welfare and safety.	<i>As a practical based subject, we pay close attention to safety and the wellbeing of pupils. Classroom routines ensure that pupils are mindful of health and safety. We have high expectations and promote positive attitudes to learning through motivational and assertive teaching strategies; this encourages many pupils to use the art room at lunchtime and after school.</i>
to hear	We instil SJW values and encourage spiritual, moral, social, cultural and emotional personal development so that our young people are open to hear God's calling.	<i>The study of art & design fosters pupils' personal development as they make sense of their ideas and emotions through their own creative work. Pupils are expected to take care of the classroom environment and to be respectful as they peer assess the work of others. Pupils deepen their cultural understanding as they reflect on the influences that shape our culture and the many different cultures around the world.</i>
and respond	We foster our young people's gifts and talents so they are equipped with skills, knowledge and qualifications to create opportunities to be able to respond to God's calling.	<i>We aim to foster a love for art and design, even if pupils do not continue their studies at GCSE. Pupils will be encouraged to develop their creativity whilst developing as a person. They learn that it is acceptable to make mistakes, and that we learn from them. For the many pupils who continue into GCSE Art & Design, many of them achieve an excellent GCSE grade, with a significant proportion of awards attained at Grades 7-9.</i>
to what God calls them to be'	Taking Jesus Christ as a role-model we help pupils understand what God calls them to be; informed and responsible citizens whose vocation in life contributes to peace, tolerance, justice and service in both our local community and wider society.	<i>Our scheme of work is designed to lead pupils into the study of Art & Design and related disciplines beyond their curriculum journey here with us. Pupils can hope to continue onto A Levels and obtain a degree in this field. Pupils can also use an art qualification in photography, illustrator, animator and graphic design. Our ultimate ambition is for pupils to "take the time to notice the big and small things of each day" Ignatius.</i>
